

# Press Release

## **Get Ready to Rubble! Shiny Egg Studios releases Domino Run 2!**

**Shiny Egg Studios, developers of the mobile puzzle game “Domino Run” in 2011, have released a new, amazing sequel, “Domino Run 2”. 150 challenging levels spanning 4 beautiful, unique worlds and more downloads are waiting to be solved by players who want to exercise their brains and reactivity!**

Domino Run 2 is a puzzle game in which dominoes placed on a series of platforms must be rearranged so that they can all be toppled by a single push.

This time completely in 3D, 4 worlds set in a beautiful scenery, with stylish dominoes and platforms, stunning explosions and crumbly rubble await you. Solve all 150 levels (30 levels in each world, that is 25 levels and 5 extra-challenging levels per world). The last 30 levels are available for download, and more worlds will follow in future updates!

The game takes you from “Stone Age” through the wild “Mayan Jungle”, a spooky “Ghost Field” to the futuristic “Moon 43”! Each world introduces special domino types and objects. Your task is to rearrange dominoes and push one of them, so that all dominoes fall, but the finisher domino must fall last. A domino may fall off the platform it currently is but must land on another platform. Sounds easy? The difficulty increases with each level and solving it requires quick strategic thinking.

Increase your score by reattempting already mastered levels in shorter times and/or with fewer moves. There are awards (from bronze to platinum star), depending on how much you are able to beat the record times and number of moves by the level creators! Compare your world score with others in leaderboards.

You can also analyze your game statistics and master all achievements in the game.

In-game tutorials explain the game mechanics and newly introduced objects. A step-by-step level solution is always available for already included levels that you are unable to solve.

Domino Run 2 ships with an intuitive Level Editor with which you can create your own mind-twisting levels! Have fun by thinking up new ways to combine the dominoes into levels even harder to solve than the ones that ship with the game. Play your custom levels or share them with all other players by uploading them online via your free Domino Run Online account. Also download and play levels of other players from all over the world!

Domino Run 2 is available for iOS (iPhone and iPad) in the App Store and for Android on Google Play.
